

AIO-6

- *SOS Emergency
- Wireless Mirroring
- *APP Remote Positioning
- Quick Release Mode
- *4G Network
- Anti-theft Alarm

*These features are only available on the AIO-6 LTE 4G version.

Product Code: MFP0171

AIO-6 MAX

Standard Package List

- Host x 1
- Ball Head Pipe Bracket Set x 1
- Power Supply Cable x 1
- Keychain x 1
- Cable Ties & Cable Organizer Set x 1

- Ball Head Bracket x 1
- Host Power Camera 3-in-1 Cable 1
- Sticker x 1
- Screwdriver Set x 1
- User Manual x 1

Main Features

- 6-inch IPS LCD screen
- 2300nit high-brightness display
- Sentinel Mode
- IP69K-rated waterproof and dustproof
- Independent shock absorption and anti-shake structure
- Wireless Screen Mirroring
- Dual-band Wi-Fi (2.4G/5G)
- BMW data reading (optional)
- Wireless OTA upgrade
- 1080P 60FPS driving record camera (optional)
- Tire pressure detector expansion

Product Code: MFP0170

AIO-6 LTE (4G)

Standard Package List

- Host x 1
- Ball Head Pipe Bracket Set x 1
- Power Supply Cable x 1
- Keychain x 1
- Cable Ties & Cable Organizer Set x 1
- IoT Card x 1

- Ball Head Bracket x 1
- Host Power Camera 3-in-1 Cable x 1
- Sticker x 1
- Screwdriver Set x 1
- Instruction Manual x 1

Main Features

- 4G live broadcast
- Real-time weather preview
- SOS emergency rescue
- 6-inch IPS LCD screen
- 2300nit high-brightness screen
- Wireless Screen Mirroring
- Sentinel Mode
- IP69K-rated waterproof and dustproof
- Independent shock absorption and anti-shake structure
- 2.4G/5G dual-band WiFi
- BMW data reading (optional)
- Wireless OTA upgrade
- 1080P 60FPS driving record camera (optional)
- Tire pressure detector expansion

AIO-6 Riding System Optional Accessories

Product Code: MFP0174

BMW Quick Release Module

The optional base perfectly integrates with the original BMW navigation base, enabling deep data interaction with BMW motorcycles. It supports the original vehicle rotary knob (BMW Wonder Wheel) control and vehicle data reading. Additionally, it can be connected to a 1080P 60fps HD camera to enable dashcam functionality.

Standard Package List

- BMW quick release module x 1
- Camera quick release cable x 1
- manual x 1

Product Code: MFP0175

CG Quick Release Kit

The CG quick-release base enables fast disassembly, effectively meeting anti-theft requirements. The base is made of high-strength materials to ensure stability and durability. It can also be connected to a 1080P 60fps HD camera to enable dashcam functionality.

Standard Package List

- CG quick-release module x 1
- CG quick release base x 1
- Camera cable plug x 2
- Anti-theft Tools x 1
- manual x 1

Product Code: MFP0183

CG Quick Release Base

The CG quick-release base allows for rapid disassembly, effectively meeting anti-theft needs. Made from high-strength materials, it ensures stability and durability. Additionally, it can be connected to a 1080P 60fps HD camera to enable dashcam functionality.

Standard Package List

- CG quick release base x 1
- Camera cable plug x 2
- Power supply cable x 1
- Ball head bracket x 1

- Ball head tube bracket x 1
- manual x 1

Product Code: MFP0176

1080P 60fps Camera

The 1080P 60fps HD camera is designed for users who demand smooth image quality. The 60fps frame rate not only provides smooth dynamic footage but also captures details in fast-moving scenes, preventing blurriness. Whether recording scenic drives or providing dashcam safety monitoring, this camera delivers a clear and smooth video experience to meet various usage needs.

Standard Package List

- Front camera x 1
- Rear camera x 1
- Camera 3M glue x 2
- manual x 1

Product Code: MFP0189

Automotive CG Quick Release Base

AIO-6, paired with the CHIGEE automotive quick-release mount, enables seamless switching between motorcycle and car use.

Standard Package List

- 1-inch ball head x1
- CG quick-release base x1
- CG quick release cable x1
- Car suction mount x1
- 1-inch ball joint extension mount x1
- CG cable-fixing silicone straps x2

Interactive Module

Product Code: MFP0114

CGOBD Wireless Module

Standard Package List

- CGOBD Wireless Module * 1
- EURO5 (6P) Adapter Cable* 1

Main Features

- Read Real-time Engine Data
- Data Overlay & Synchronized to Video File
- Analyze Vehicle Driving Status

Product Code: MFP0120

CGRC CAN (4pin)

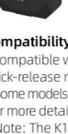

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

- R1200GS/R1200GS ADV
- R1250GS/R1250GS ADV

Product Code: MFP0169

CGRC CAN (6Pin)

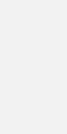

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

- R1300 GS
- R1300 GS ADV

Product Code: MFP0121

CGRC CAN (8pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

- C400 / F750 / F800 (2024) / F850 / F900 / S1000 / R1200 / R1250 / R1292net (2024) / K1600

Product Code: MFP0151

CGRC LIN

Product features

- Read BMW vehicle data, wheel control, obtain advanced blue page dashboard.

Compatibility

- Compatible with most BMW motorcycles equipped with a quick-release navigation mount (GS ADV series).
- Some models without a navigation mount can still read data. For more details, please refer to the compatibility chart.
- Note: The K1600 does not support wheel control.

CGOBD Module:

No restriction on vehicle brand/model/year; simply confirm the OBD interface type for easy installation. It can read professional engine data, and the data can be overlaid and synchronized with the recording file to analyze the vehicle's driving status in real-time.

CGRC CAN Module (4/6/8 Pin):

Specifically developed for BMW motorcycle users, this module enables control of the vehicle's system via the BMW rotary knob. The original handlebar must have the rotary knob module. BMW motorcycles with a 10-inch display series are not compatible with this module.

CGRC LIN Module:

Specifically developed for BMW motorcycle users, this module enables control of the vehicle's system via the BMW rotary knob and allows reading of exclusive BMW motorcycle data. After installation, the vehicle system will unlock the BMW-specific instrument cluster. For K/RT series motorcycles and models without the rotary knob module on the original handlebar, the module will only unlock the BMW-specific instrument cluster and read the data, but will not enable rotary knob control.

AIO-6 Optional Accessories

Product Code: MFP0223

CG Radar (For AIO)

Standard Package List

- Radar Module (with Bracket) *1
- Main Wiring Harness *1
- Wrench *1
- 3M Adhesive Kit *1
- ACC Wire Tap Clip *1
- Cable Ties *5
- User Manual *1

Product Features

- Blind Spot Vehicle Alert
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- Adaptive Brightness Adjust

Product Code: MFP0089

CG Remote Controller PRO

Standard Package List

- Controller * 1

Main Features

- Answer/Left Key Back/Confirm Key
- Hang Up/Right Key Ultra-long Battery Life
- Heat-resistant Lithium Battery
- Lossless Installation

Product Code: MFP0019

External Tire Pressure Sensor

Standard Package List

- External Sensor * 2
- Wrench * 1
- Security Nut * 2

Main Features

- Size: 18.2mm (Diameter) * 14.7mm Height
- Weight: 5.8g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 1-2 years

Product Code: MFP0018

Built-in Tire Pressure Sensor

Standard Package List

- Built-in Sensor * 2
- Rubber Gasket * 2

Main Features

- Size: 25mm length * 48.5mm Height * 13mm Thickness
- Weight: 23g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 2-3 years

Product Code: MFP0057

Mirror Mount

Standard Package List

- Screw * 2
- CNC Mount * 1
- M8-18 Gasket

Basic Parameters

- Material: Aluminum Alloy
- Size: 56*38*30mm
- Usage: Mount the device on M8/M10 Screw of motorcycle rear-view mirror
- Connector: 17mm Ball Joint
- Disassembly & Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0056

17mm Rear Mirror Ball Joint Clamps

Standard Package List

- Screw * 4
- CNC Ball Joint Clamp * 1

Basic Parameters

- Basic Parameters: Material: Aluminum Alloy
- Size: 55*38*30mm
- Usage: Mount the device on metal tube of motorcycle rear-view mirror
- Connector: 17mm Ball Joint
- Disassembly & Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0042

Direction Column Bracket

Standard Package List

- Expansion Base * 1

Basic Parameters

- Compatible with 12-29mm direction column holes of race-inspired motorcycles

Product Code: MFP0022

12-16mm Crossbar Installation Base

Standard Package List

- M4 Screw * 2
- CNC Bracket Base * 1

Basic Parameters

- Compatible with 12-16mm crossbar, supports main models: ADV and others

Product Code: MFP0146

AIO-6 AG Etched Tempered Glass/Matte

Standard Package List

- Tempered Glass Film * 1
- Tool Kit * 1

Product Features

- Tempered Glass Film
- AG anti-reflective/Matte
- 0.3mm thickness
- Anti-fingerprint
- Edge Beveling

Product Code: MSFP0044

22-32mm standard pipe clamp

Standard Package List

- 22-32mm standard pipe clamp * 1
- adaptor ring * 3

Basic Parameters

- Suitable for handlebar / bar installation

Product Code: MFP0156

128G Industrial grade microSD memory card

Standard Package List

- 128G Industrial grade microSD card * 1

Product features

- Stable storage
- High-speed reading
- Sufficient memory

Product Code: MFP0147

Shockproof Case

Standard Package List

- Shockproof Silicone Protective Case * 1

Product Features

- Full Edge Protection
- Scratch-resistant and Wear-resistant

Product Code: MFP0115

Remote Controller Handle Bracket

Specification

- Material: Aluminum Alloy 6061
- Size: 89.4*37.5*19.2mm
- Application: Fix the remote controller on the motorcycle handlebar

Product Code: MFP0186

Silicone Protective Case

Standard Package List

- Silicone Protective Case * 1

Product Features

- Full Edge Protection
- Scratch-resistant and Waterproof and Dustproof

Product Code: MFP0184

AIO-6 Multifunctional Storage Bag

Standard Package List

- AIO-6 Multifunctional Storage Bag * 1

Product Features

- Material: 900D Oxford Fabric
- Shock-Absorbing And Drop-Proof
- Portable Storing
- Waterproof And Wear-Resistant

Product Code: MFP0187

CG Quick Release Anti-Theft Assembly

Standard Package List

- CG Quick Release
- Anti-Theft Assembly * 1

Product Features

- Compatible with CG Quick Release, effectively meeting anti-theft needs.

- Online Navigation
- Wireless Mirroring
- Messages Notification
- Blind Spot Detection
- Video Recording
- Trip Statistics

Product Code: MFP0110

AIO-5 Lite Motorcycle Smart Riding System

Standard Package List

- Main Unit x1
- Cameras x2
- Mounting Clamps x1
- Power Cable x1
- Ball Head Mount x1
- Reducer Rings x3
- External GPS x1
- Wiring Clips x2
- Velcro Cable Ties x4
- Nylon Cable Ties x5
- Assembly Tools x3
- Stickers x2
- User Manual x1

Main Features

- 5-inch high-brightness IPS LCD screen
- High-sensitivity touchscreen
- 32GB built-in storage (expandable with a 256GB memory card)
- IP68 waterproof and dustproof rating
- Independent shock-absorbing structure
- Blind spot monitoring
- Wireless screen mirroring
- 2.4G/5G dual-band Wi-Fi
- Bluetooth 5.0 hardware features
- Dual HD dashcam
- Tire pressure monitoring system (TPMS) expansion
- Low voltage protection
- Reverse polarity protection

Interactive Module

Product Code : MFP0114

CGOBD Wireless Module

Standard Package List

- CGOBD Wireless Module * 1
- EURO5 (6P) Adapter Cable* 1

Main Features

- Read Real-time Engine Data
- Data Overlay & Synchronized to Video File
- Analyze Vehicle Driving Status

Product Code : MFP0120

CGRC CAN (4pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

- R1200GS/R1200GS ADV
- R1250GS/R1250GS ADV

Product Code: MFP0169

CGRC CAN (6Pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

- R1300 GS
- R1300 GS ADV

Product Code: MFP0121

CGRC CAN (8pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

- C400 / F750 / F800 (2024) / F850 / F900 / S1000 / R1200 / R1250 / R1290T (2024) / K1600

Product Code: MFP0151

CGRC LIN

Product features

- Read BMW vehicle data, wheel control, obtain advanced blue page dashboard.

Compatibility

- 1.Compatible with most BMW motorcycles equipped with a quick-release navigation mount (GS ADVseries).
- 2.Some models without a navigation mount can still read data. For more details, please refer to the compatibility chart.
- 3.Note: The K1600 does not support wheel control.

CGOBD Module:

No restriction on vehicle brand/model/year; simply confirm the OBD interface type for easy installation. It can read professional engine data, and the data can be overlaid and synchronized with the recording file to analyze the vehicle's driving status in real-time.

CGRC CAN Module (4/6/8 Pin):

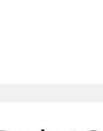

Specifically developed for BMW motorcycle users, this module enables control of the vehicle's system via the BMW rotary knob. The original handlebar must have the rotary knob module. BMW motorcycles with a 10-inch display series are not compatible with this module.

CGRC LIN Module:

Specifically developed for BMW motorcycle users, this module enables control of the vehicle's system via the BMW rotary knob and allows reading of exclusive BMW motorcycle data. After installation, the vehicle system will unlock the BMW-specific instrument cluster. For K/RT series motorcycles and models without the rotary knob module on the original handlebar, the module will only unlock the BMW-specific instrument cluster and read the data, but will not enable rotary knob control.

AIO-5 Lite Optional Accessories

Product Code: MFP0223

CG Radar(For AIO)

Standard Package List

- Radar Module (with Bracket) *1
- Main Wiring Harness *1
- Wrench *1
- 3M Adhesive Kit *1
- ACC Wire Tap Clip *1
- Cable Ties *5
- User Manual *1

Product Features

- Blind Spot Vehicle Alert
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- Adaptive Brightness Adjust

Product Code: MFP0019

External Tire Pressure Sensor

Standard Package List

- External Sensor * 2
- Wrench * 1
- Security Nut * 2

Main Features

- Size:18.2mm (Diameter) *14.7mm Height
- Weight: 5.8g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 1-2 years

Product Code: MFP0018

Built-in Tire Pressure Sensor

Standard Package List

- Built-in Sensor * 2
- Rubber Gasket * 2

Main Features

- Size: 25mm length*48.5mm Height*13mm Thickness
- Weight: 23g
- Accuracy: 0.01Bar

- Temperature Battery Replacement: Self-replacement
- Battery Life: 2-3 years

Product Code: MFP0056

17mm Rear Mirror Ball Joint Clamps

Standard Package List

- Screw * 4
- CNC Ball Joint Clamp * 1

Basic Parameters

- Basic Parameters:
- Material: Aluminum Alloy
- Size: 55*38*30mm
- Usage:Mount the device on metal tube of motorcycle rear-view mirror
- Connector: 17mm Ball Joint
- Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0089

CG Remote Controller PRO

Standard Package List

- Controller * 1

Main Features

- Answer/Left Key
- Hang-up/Right Key
- Ultra-long Battery Life
- Heat-resistant Lithium Battery
- Lossless Installation

Product Code: MFP0059

AIO-5 Lite BMW K1600 Lossless Installation Bracket

Standard Package List

- CNC Bracket * 1
- M4 Gasket * 8
- M4 Nut * 4
- M5*10 Screw * 1
- HexSocketScrew*4
- M3*8 Screw

Basic Parameters

- Compatible with original navigation system mounting location of BMW K1600 and 1250RT, it is necessary to disconnect the power supply of the original vehicle navigation system before installation.

Product Code: MFP0057

Mirror Mount

Standard Package List

- Screw * 2
- CNC Mount * 1
- M8-18 Gasket

Basic Parameters

- Material: Aluminum Alloy

- Usage: Mount the device on M8/M10 Screw of motorcycle rear-view mirror
- Connector: 17mm Ball Joint
- Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0022

12-16mm Crossbar Installation Base

Crossbar Installation Base

- M4 Screw*2
- CNC Bracket Base*1

Basic Parameters

- Compatible with 12-16mm crossbar, supports main models: ADV and others

Product Code: MFP0042

Direction Column Bracket

Standard Package List

- Expansion Base * 1

Basic Parameters

- Compatible with 12-29mm direction column holes of race-inspired motorcycles

Product Code: MSFP0044

22-32mm standard pipe clamp

Standard Package List

- 22-32mm standard pipe clamp * 1
- adaptor ring*3

Basic Parameters

- Suitable for handlebar /bar installation

Product Code: MFP0124

AIO-5 Tempered Glass Film

Standard Package List

- Tempered Glass Film*1
- Alcohol Pad
- Lint-free Cloth

Basic Parameters

- Tempered Glass Film
- 0.3mm thickness

- 2.5D Edge Beveling

Product Code: MFP0136

Camera extension cable

Product specifications

- Size:80cm

Product Code: MFP0130

AIO-5 silicone protective case

AIO-5 silicone protective case

Product features

- Full Edge Protection
- Scratch-resistant and Wear-resistant
- Waterproof and Dustproof

Product Code: MFP0156

128G Industrial grade microSD memory card

Standard Package List

- 128G Industrial grade microSD memory card * 1

Product features

- Stable storage
- High-speed reading
- Sufficient memory

Product Code: MFP0134

1-inch ball head

Product specifications

- Size:35.53*25.4*31.1mm

Product Code: MFP0115

Remote Controller Handle Bracket

Specification

- Material: Aluminum Alloy 6061
- Size:89.4*37.5*19.2mm
- Application: Fix the remote controller on the motorcycle handlebar

Product Code:MFP0163

AIO-5 Lens Hood

Standard Package List

- AIO-5 Lens Hood * 1

Product specifications

- Wrap-around Design
- Waterproof Sunshade
- Easy installation
- Applicable to AIO-5 series

AIO-5 Play

- Wireless Mirroring
- 60FPS
- Motorcycle Navigation
- remote control
- online music
- Tire pressure monitoring

Product Code: MFP0128

AIO-5 Play Motorcycle Smart Riding System

Standard Package List

- Host x 1
- Pipe Clamp x 1
- Pipe Cable x 1
- Ball Joint Component x 1
- Variable Radius Ring x 3
- USB adapter cable x 1
- Parallel Cable Clip x 2
- Binding Strap x 2
- Nylon Cable Ties x 5
- Disassembly&Assembly Tools x 3
- Sticker x 2
- User Manual x 1

Main Features

- 5 inch High Brightness IPS LCD
- High Sensitivity Touch Panel
- 32GB Internal Storage, extended support 256GB TF Card
- IP68 Waterproof and Dustproof
- Independent Anti-Shake & Damping Structure
- Wireless screencasting
- Tire Pressure Monitor
- Low Voltage Protection
- Reverse Polarity Protection
- WIFI 2.4G/5G Dual Band WIFI
- Bluetooth 5.0

Interactive Module

Product Code: MFP0114

CGOBD Wireless Module

Standard Package List

- CGOBD Wireless Module * 1
- EURO5 (6P) Adapter Cable* 1

Main Features

- Read Real-time Engine Data
- Data Overlay & Synchronized to Video File
- Analyze Vehicle Driving Status

Product Code: MFP0120

CGRC CAN (4pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 1-2 years

Product Code: MFP0057

Rear-view Mirror Mount

Standard Package List

- Screw * 2
 - CNC Mount * 1
 - M8-18 Gasket
- Basic Parameters**
- Material: Aluminum Alloy
 - Size: 56*38*30mm
 - Usage: Mount the device on M8/M10 Screw of motorcycle rear-view mirror Connector; 17mm Ball Joint
 - Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0056

17mm Rear Mirror Ball Joint Clamps

Standard Package List

- Screw * 4
- CNC Ball Joint Clamp * 1

Basic Parameters

- Material: Aluminum Alloy
- Size: 55*38*30mm
- Usage: Mount the device on metal tube of motorcycle rear-view mirror Connector; 17mm Ball Joint
- Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0042

Direction Column Bracket

Standard Package List

- Expansion Base * 1

Basic Parameters

- Compatible with 12-29mm direction column holes of race-inspired motorcycles

Product Code: MFP0059

AIO-5 Play BMW K1600 Lossless Installation Bracket

Standard Package List

- CNC Bracket * 1
- M4 Gasket * 8
- M4 Nut * 4
- M5*10 Screw * 1
- Hex Socket Screw * 4
- M3*8 Screw

Basic Parameters

- Compatible with original navigation system mounting location of BMW K1600 and 1250RT, it is necessary to disconnect the power supply of the original vehicle navigation system before installation.

Product Code: MSFP0044

22-32mm standard pipe clamp

Standard Package List

- 22-32mm standard pipe clamp * 1
- adaptor ring * 3

Basic Parameters

- Suitable for handlebar /bar installation

Product Code: MFP0022

12-16mm Crossbar Installation Base

Crossbar Installation Base

- M4 Screw*2
- CNC Bracket Base*1

Basic Parameters

- Compatible with 12-16mm crossbar, supports main models: ADV and others

Product Code: MSFP0103

USB Power Harness

Product specifications

- Size: 30cm

Product Code: MFP0130

AIO-5 silicone protective case

Product features

- Full Edge Protection
- Scratch-resistant and Wear-resistant
- Waterproof and Dustproof

Product Code: MFP0163

AIO-5 Lens Hood

Standard Package List

- AIO-5 Lens Hood * 1

Product specifications

- Wrap-around Design
- Waterproof Sunshade
- Easy installation
- Applicable to AIO-5 series

Product Code: MFP0134

1-inch ball head

Product specifications

- Size: 35.53*25.4*31.1mm

Product Code: MFP0124

AIO-5 Tempered Glass Film

Standard Package List

- Tempered Glass Film *1
- Alcohol Pad
- Lint-free Cloth

Basic Parameters

- Tempered Glass Film
- 0.3mm thickness
- Anti-fingerprint
- 2.5D Edge Beveling

Product Code: MFP0115

Remote Controller Handle Bracket

Product specifications

- Material: Aluminum Alloy 6061
- Size: 89.4*37.5*19.2mm
- Application: Fix the remote controller on the motorcycle handlebar

AIO-5 Play (For BMW)

Wireless Mirroring

Rapid Motion

Replace the original motorcycle navigation

Quick release installation

Compatible with original BMW Wonderwheel controller

Cycling mileage record

Product Code: MFP0137

AIO-5 Play (For BMW) Motorcycle Smart Riding System

Standard Package List

- Host x1
- Keychain x1
- TF Card x1
- Disassembly Tools x3
- Stickers x2
- Manual x1

Main Features

- 5-inch high-brightness IPS LCD screen
- Compatible with BMW Motorrad connection bracket
- Get BMW Motorrad original TPMS data
- Tire pressure detector expansion
- Low pressure protection
- Reverse connection protection
- Compatible with original BMW Wonderwheel controller
- 60FPS high frame rate screen projection
- Support quick release
- IP68 waterproof and dustproof
- Bluetooth 5.0 hardware features
- Tire pressure detector expansion
- Low pressure protection
- Reverse connection protection

Interactive Module

Product Code: MFP0121

CGRC CAN (8pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

C400 / F750 / F800 (2024) / F850 / F900 / S1000 / R1200 / R1250 / R12nineT (2024) / K1600

Product Code: MFP0120

CGRC CAN (4pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

R1200GS/R1200GS ADV / R1250GS/R1250GS ADV

Product Code: MFP0169

CGRC CAN (6Pin)

Product Introduction

- Original car control
- Application switching
- Convenient operation
- Lossless installation

Compatible with

R1300 GS / R1300 GS ADV

AIO-5 Play (For BMW) Optional Accessories

Product Code: MFP0223

CG Radar(For AIO)

Standard Package List

- Radar Module (with Bracket) *1
- Main Wiring Harness *1
- Wrench *1
- 3M Adhesive Kit *1
- ACC Wire Tap Clip *1
- Cable Ties *5
- User Manual *1

Product Features

- Blind Spot Vehicle Alert
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- Adaptive Brightness Adjust

Product Code: MFP0019

External Tire Pressure Sensor

Standard Package List

- External Sensor * 2
- Wrench * 1
- Security Nut * 2

Main Features

- Size: 18.2mm (Diameter) * 14.7mm Height
- Weight: 5.8g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 1-2 years

Product Code: MFP0018

Built-in Tire Pressure Sensor

Standard Package List

- Built-in Sensor * 2
- Rubber Gasket * 2

Main Features

- Size: 25mm length*48.5mm Height*13mm Thickness
- Weight: 23g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 2-3 years

Product Code: MFP0130

AIO-5 silicone protective case

Product features

- Full Edge Protection
- Scratch-resistant and Wear-resistant
- Waterproof and Dustproof

Product Code: MFP0089

CG Pro Remote Controller

Standard Package List

- Controller * 1

Main Features

- Answer/Left Key
- Back/Confirm Key
- Hang Up/Right Key
- Ultra-long Battery Life
- Heat-resistant Lithium Battery
- Lossless Installation

Product Code: MFP0164

Multifunctional Storage Bag

Standard Package List

- Storage bag*1

Product specifications

- Shock-Absorbing And Drop-Proof
- Portable Storage
- Waterproof And Wear-Resistant

Product Code: MFP0124

AIO-5 Tempered Glass Film

Standard Package List

- Tempered Glass Film*1
- Alcohol Pad
- Lint-free Cloth

Basic Parameters

- Tempered Glass Film
- 0.3mm thickness
- Anti-fingerprint
- 2.5D Edge Beveling

Product Code: MFP0163

AIO-5 Lens Hood

Standard Package List

- AIO-5 Lens Hood * 1

Product specifications

- Wrap-around Design
- Waterproof Sunshade
- Easy installation
- Applicable to AIO-5 series

Product Code: MFP0115

Remote Controller Handle Bracket

Product specifications

- Material: Aluminum Alloy 6061
- Size: 89.4*37.5*19.2mm
- Application: Fix the remote controller on the motorcycle handlebar

XR-2

Wireless Mirroring

30FPS

High brightness display

IP68 waterproof

online music

Tire pressure monitoring

Product Code: MFP0127

XR-2 Motorcycle Smart Riding System

Standard Package List

- Host x1
- Camera x2
- Fixed pipe clamp x1
- Power cord x1
- Ball head seat x1
- Reducing ring x3
- Cable buckle x2
- Velcro cable tie x2
- Nylon cable tie x5
- Disassembly and assembly tools x3
- 3M glue x2
- Instruction manual x1

Features

- 4.3-inch 1400nit high-brightness IPS LCD screen
- High-sensitivity touch screen
- 32G built-in storage (expandable to 256GB memory card)
- IP68 waterproof and dustproof
- Independent shock-absorbing and anti-shake structure
- Wireless projection
- 2.4G/5G dual-band WIFI
- Bluetooth 5.0 Hardware Features
- 2-way high-definition driving record camera
- Tire pressure monitor expansion

XR-2 Optional Accessories

Product Code: MFP0223

CG Radar(For AIO)

Standard Package List

- Radar Module (with Bracket) *1
- Main Wiring Harness *1
- Wrench *1
- 3M Adhesive Kit *1
- ACC Wire Tap Clip *1
- Cable Ties *5
- User Manual *1

Product Features

- Blind Spot Vehicle Alert
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- Adaptive Brightness Adjust

Product Code: MFP0019

External Tire Pressure Sensor

Standard Package List

- External Sensor * 2
- Wrench * 1
- Security Nut * 2

Main Features

- Size: 18.2mm (Diameter) * 14.7mm Height
- Weight: 5.8g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 1-2 years

Product Code: MFP0018

Built-in Tire Pressure Sensor

Standard Package List

- Built-in Sensor * 2
- Rubber Gasket * 2

Main Features

- Size: 25mm length*48.5mm Height*13mm Thickness
- Weight: 23g
- Accuracy: 0.01Bar
- Measurement Range: 0-8Bar
- Functions: Tire Pressure, Tire Temperature
- Battery Replacement: Self-replacement
- Battery Life: 2-3 years

Product Code: MFP0156

128G Industrial grade microSD memory card

Standard Package List

- 128G Industrial grade microSD memory card * 1

Product features

- Stable storage
- High-speed reading
- Sufficient memory

Product Code: MFP0089

CG Remote Controller PRO

Standard Package List

- Controller * 1

Main Features

- Answer/Left Key
- Back/Confirm Key
- Hang Up/Right Key
- Ultra-long Battery Life
- Heat-resistant Lithium Battery
- Lossless Installation

Product Code: MFP0056

17mm Rear Mirror Ball Joint Clamps

Standard Package List

- Screw * 4
- CNC BallJoint Clamp * 1

Basic Parameters

- Basic Parameters:
- Material: Aluminum Alloy
- Size: 55*38*30mm
- Usage: Mount the device on metal tube of motorcycle rear-view mirror
- Connector: 17mm BallJoint
- Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0057

Rear-view Mirror Mount

Standard Package List

- Screw * 2
 - CNC Mount * 1
 - M8-18 Gasket
- #### Basic Parameters
- Basic Parameters:
 - Material: Aluminum Alloy
 - Size: 56*38*30mm
 - Usage: Mount the device on M8/M10 Screw of motorcycle rear-view mirror
 - Connector: 17mm Ball Joint
 - Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0059

BMW K1600 Non-destructive installation parts

Standard Package List

- CNC Bracket * 1
- M4 Gasket * 8
- M4 Nut * 4
- M5*10 Screw * 1
- HexSocketScrew * 4
- M3*8 Screw

Basic Parameters

- Adapt to the original navigation system installation position of BMW K1600 and 1250RT. When installing, the power connection of the original navigation system needs to be removed.

Product Code: MFP0042

Direction Column Bracket

Standard Package List

- Expansion Base * 1

Basic Parameters

- Compatible with 12-29mm direction column holes of race-inspired motorcycles

Product Code: MFP0022

12-16mm Crossbar Installation Base

Crossbar Installation Base

- M4 Screw*2
- CNC Bracket Base*1

Basic Parameters

- Compatible with 12-16mm crossbar, supports main models: ADV and others

Product Code: MFP0141

4.3 inch tempered glass

Standard Package List

- Tempered Glass Film*1
- Alcohol Pad
- Lint-free Cloth

Main Features

- Fine-grain Frosted
- 0.3mm thickness
- Anti-fingerprint
- 2.5D Edge Beveling

Product Code: MSFP0044

22-32mm standard pipe clamp

Standard Package List

- 22-32mm standard pipe clamp * 1
- adaptor ring*3

Basic Parameters

- Suitable for handlebar /bar installation

Product Code: MFP0152

4.3 inch silicone protective case

Compatible with

- XR-2 series

- Full Edge Protection
- Scratch-resistant and Wear-resistant
- Waterproof and Dustproof

Product Code: MFP0115

Remote Controller Handle Bracket

Specification

- Material: Aluminum Alloy 6061
- Size: 89.4*37.5*19.2mm
- Application: Fix the remote controller on the motorcycle handlebar

Product Code: MFP0136

Camera extension cable

Product specifications

- Size: 80cm

XR-3 Dash Cam Catalogue

Portable and Quick Disassemble

Tri-channels Video Recording

2K Camera

1200nit High Brightness

4K Fusion Output

eMMC Storage

Product Code: MFP0085

XR-3 Motorcycle Dash Cam

Standard Package List

XR-3 x1
Quick Disassemble Base x1
Camera x2
Installation Bracket x1
Ball Joint Component x1
Quick Disassemble Key x1
Power Cable x1
Variable Radius Ring x3

Main Features

- Portable and Quick Disassemble
- 2K/60fps Imaging
- Anti-Shake & Damping
- Third View Camera
- 4K Video Output
- 1200nit High Brightness LCD
- 5G High Speed Transmit
- 3 Cameras Synchronous Recording
- Built-in 800Mah Lithium Battery
- Adaptive Brightness Adjustment
- IP67 Waterproof and Dustproof

Anti-theft Plug x1
Parallel Cable Clip x3
Wrench x3
Stainless Steel Bracket x1
Sticker x2
Binding Strap x2
Nylon Cable Ties x5

XR-3 Optional Accessories

Product Code: MFP0086

XR-3 The Third Camera

Standard Package List

The Third Camera*1

Main Features

160° Wide Angle
Third View Recording
Universal Action Camera Mount
2K Resolution
F1.8 Aperture
Free Fixed Camera Angle

Product Code: MFP0223

CG Radar (For AIO)

Standard Package List

Radar Module (with Bracket) *1
Main Wiring Harness *1
Wrench *1
3M Adhesive Kit *1
ACC Wire Tap Clip *1
Cable Ties *5
User Manual *1

Product Features

- Blind Spot Vehicle Alert
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- Adaptive Brightness Adjust

Product Code: MFP0087

CGAS Attitude Module

Standard Package List

Attitude Module*1

Main Features

Get the real-time tilt angle of the vehicle
Professional Attitude Algorithm
Shielding the interference of centrifugal force in bending

Product Code: MFP0088

CG Remote Controller

Standard Package List

Controller*1

Main Features

Take Photo/Lock/Switch
Ultra-long Battery Life
Heat-resistant Lithium Battery
Lossless Installation

Product Code: MFP0019

External Tire Pressure Sensor

Standard Package List

External Sensor * 2
Wrench * 1
Security Nut * 2

Main Features

18.2mm (Diameter) *14.7mm Height
Weight: 23g
Accuracy: 0.01Bar
Measurement Range: 0-8Bar
Functions: Tire Pressure、Tire Temperature
Battery Replacement: Self-replacement
Battery Life: 1-2 years

Product Code: MFP0018

Built-in Tire Pressure Sensor

Standard Package List

Built-in Sensor*2
Rubber Gasket*2

Main Features

Size: 25mm length*48.5mm Height*13mm Thickness
Weight: 23g
Accuracy: 0.01Bar
Functions: Tire Pressure、Tire Temperature
Battery Replacement: Self-replacement
Battery Life: 2-3 years

Product Code: MSFP0007

External Tire Pressure Sensor

Standard Package List

External Sensor*1
Wrench*1
Security Nut*1

Main Features

18.2mm (Diameter) *14.7mm Height
Weight: 5.8g
Accuracy: 0.01Bar
Measurement Range: 0-8Bar
Functions: Tire Pressure、Tire Temperature
Battery Replacement: Self-replacement
Battery Life: 1-2 years

Product Code: MSFP0006

Built-in Tire Pressure Sensor

Standard Package List

Built-in Sensor*1
Rubber Gasket*1

Main Features

Size: 25mm length*48.5mm Height*13mm Thickness
Weight: 23g
Accuracy: 0.01Bar
Functions: Tire Pressure、Tire Temperature
Battery Replacement: Self-replacement
Battery Life: 2-3 years

Product Code: MFP0057

Rear-view Mirror Mount

Standard Package List

Screw*2
CNC Mount*1
M8-18 Gasket

Main Features

Basic Parameters:
Material: Aluminum Alloy
Size: 56*38*30mm
Usage: Mount the device on M8/M10 Screw of motorcycle rear-view mirror
Connector: 17mm BallJoint
Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0056

17mm Rear-view Mirror Ball Joint Clamp

Standard Package List

Screw*4
CNC BallJoint Clamp*1

Main Features

Basic Parameters:
Material: Aluminum Alloy
Size: 55*38*30mm
Mount the device on metal tube of motorcycle rear-view mirror
Connector: 17mm BallJoint
Disassembly&Assembly Tools: T10 Screwdriver/Wrench

Product Code: MFP0042

13-20mm Expansion Base

Standard Package List

Expansion Base*1

Main Features

Compatible with 12-29mm direction column holes of race-inspired motorcycles

Product Code: MFP0059

BMW K1600 1250RT non-destructive mounting parts

Standard Package List

CNC Bracket*1 M4 Gasket*8
M4 Nut*4 M5*10 Scr
Hex Socket Screw*4 M3*8 Screw

Main Features

Adapt to the original navigation installation of BMW K1600 and 1250RT. When installing, the power connection of the original navigation system needs to be removed.

Product Code: MFP0141

4.3 inch tempered glass

Standard Package List

Tempered Glass Film*1
Alcohol Pad
Lint-free Cloth

Main Features

Fine-grain Frosted
0.3mm thickness
Anti-fingerprint
2.5D Edge Beveling

Product Code: MFP0022

12-16mm Crossbar Installation Base

Standard Package List

M4 Screw*2
CNC Bracket Base*1

Main Features

Compatible with 12-16mm crossbar, supports main models: ADV and others

Product Code: MFP0156

128G Industrial grade microSD memory card

Standard Package List

128G Industrial grade microSD memory card * 1

Product features

Stable storage
High-speed reading
Sufficient memory

Product Code: MSFP0044

22-32mm standard pipe clamp

Standard Package List

22-32mm standard pipe clamp * 1
adaptor ring*3

Basic Parameters

Suitable for handlebar /bar installation

Product Code: MFP0115

Remote Controller Handle Bracket

Specification

Material: Aluminum Alloy 6061
Size: 89.4*37.5*19.2mm
Application: Fix the remote controller on the motorcycle handlebar

SR1 CG Radar

- 77GHz Operating Frequency
- Precision Recognition
- Intelligent Navigation
- Rear Warning, Enhanced Safety
- Physical Light Blind Spot Alert
- Easy Installation

Product Code: MFP0216

CG Radar(Standard)

Standard Package List

- Radar Module (with Bracket) *1
- Blind Spot Warning Light *2
- GPS Module *1
- Blind Spot Light Bracket *2
- Main Wiring Harness *1
- Wrench *1
- 3M Adhesive Kit *1
- ACC Wire Tap Clip *1
- Cable Ties *5
- Rubber Strap (Long) *2
- Rubber Strap (Short) *2
- User Manual *1

Product Features

- Blind Spot Vehicle Ale
- Low-Speed Vehicle Alert Suppression
- Detection of Vehicles Moving at Similar Speeds
- Optional Rearview Mirrors
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- GPS Module
- Adaptive Brightness Adjustment

Product Code: MFP0223

CG Radar(For AIO)

Standard Package List

- Radar Module (with Bracket) *1
- Main Wiring Harness *1
- Wrench *1
- 3M Adhesive Kit *1
- ACC Wire Tap Clip *1
- Cable Ties *5
- User Manual *1

Product Features

- Blind Spot Vehicle Alert
- Integrated Alerts with Vehicle System
- Rear Warning Lights
- Rear-End Collision Flash Warning
- Adaptive Brightness Adjust

Product Code: MFP0217

CG BSD Rearview Mirror (Standard)

Standard Package List

- Standard Rearview Mirror (Left) x1
- Standard Rearview Mirror (Right) x1
- 6mm Heightening Pad x2
- M10x35mm P1.50 Right-Hand Thread Screw x2
- M10x35mm P1.25 Right-Hand Thread Screw x2
- M10x35mm P1.25 Left-Hand Thread Screw x1
- Rubber Strap x2

Product Features

- Anti-glare, Wide View
- CNC Exquisite Craftsmanship
- Foldable Design
- Shock Absorption
- Aluminum Alloy Mirror Body
- Easy Installation

Product Code: MFP0218

CG BSD Rearview Mirror (Round Version)

Standard Package List

- Round Rearview Mirror (Left) x1
- Round Rearview Mirror (Right) x1
- 6mm Heightening Pad x2
- M10x35mm P1.50 Right-Hand Thread Screw x2
- M10x35mm P1.25 Right-Hand Thread Screw x2
- M10x35mm P1.25 Left-Hand Thread Screw x1
- Rubber Strap x2

Product Features

- Anti-glare, Wide View
- CNC Exquisite Craftsmanship
- Foldable Design
- Shock Absorption
- Aluminum Alloy Mirror Body
- Easy Installation
