

ContiClassic **ATTACK**

Newly developed radial tires for classic motorcycles.

- Exceptionally easy handling with ultra high grip and cornering stability.
- Superb control and optimum feedback.
- Excellent grip under all conditions, even in the wet and at low temperatures.
- Excellent mileage thanks to modern compound technology.
- Force directional tread pattern for optimum wear behavior and excellent water displacement.
- Optimized radial carcass design for good handling and high stability.

	110/85 R 19 M/C	57	V	TL	02 44 335	

MultiGrip-Technology

Makes it possible to use a homogenous grip grading with a single compound thanks to temperature controlled curing of the tire during the production process.

- Shoulder area, flexible = Grip
- Central tread area, wear resistant = Mileage
- Continuous transition

TractionSkin

TractionSkin, a revolutionary new micro-rough tread surface, virtually puts an end to tire break-in. This is possible due to a new mold coating technology which eliminates the need for tire-release agents.

0° steel-belted construction

0° steel-belted construction guarantees excellent stability at high speeds.

Handmade in Germany

For generations nearly all of our radial tires have been produced with great passion, skill and expertise in Korbach on the beautiful lake Eder.
