# ANNIVERSARY

## TIMELESS APPEAL

When Kriega was founded, 25 years ago, the luggage choices for serious motorcyclists were extremely limited. Kriega's founders began with a clean sheet of paper, and an extensive background in product development, to create the original R35.

When released, the new backpack recalibrated how the world thought about motorcycle luggage. Kriega created the unique strap and original harness design, chose industry-leading, heavy-duty materials, and created our own patented, aircraft-spec alloy components. The motorcycle community had never seen anything like it. Kriega luggage has always been made to survive decades of daily use. We quickly earned a reputation riders could trust, and all subsequent success has been built upon that.

A quarter of a century later we continue to innovate, and our product variety has grown to fill this 25th Anniversary Edition Range Guide. Now we have a global network of distributors and stockists, and a worldwide cast-iron reputation that is backed up with our 10-year guarantee.

Kriega has never aimed to be fashionable or chased trends. Everything we make has a timeless appeal and that single element that never goes out of style: quality.

#RIDEKRIEGA

# THE ART OF CREATING EXCEPTIONAL PRODUCTS

## CORDURA®

We use CORDURA® Advanced fabrics throughout the Kriega range. Recognised for their long-lasting durability and resistance to abrasions, tears and scuffs.

## YKK® ZIPS

Arguably the best zips in the world, renowned for their performance and durability. YKK® are the only high quality coil zips we use on our products.

## AIRCRAFT-GRADE

All Kriega metal, engineered parts are made from 6061-T6 aircraft-grade, hardened aluminum alloy providing dependable strength where it's needed.

## HYPALON

Hypalon is a super-strong, abrasion-resistant, synthetic rubber mainly utilised in products designed for extreme use such as white water rafts.

## WHITE LINERS

Waterproof compartments have a light-weight taped-seam liner, easily removable for cleaning and white in colour to help locate kit inside the pack.

## DRYPACK

The roll-top Drypack (dp) closure is a tried and tested waterproof solution for soft luggage, giving the rider confidence to carry in all weathers.

**Kriega®**

# **Kriega®**

# **10**

## **YEAR**

## **GUARANTEE**

Kriega's goal from day one was to build a reputation for the best quality products on the market, offering the highest standards of functionality and craftsmanship.

Kriega packs are constructed from some of the most technical fabrics available today. Add to that a strict attention to detail in the design and production process and you can be sure that Kriega products will exceed expectations.

The whole Kriega range is built to perform without exception. As a commitment to quality all packs are guaranteed for 10 years against defects in materials and manufacture.

# BACKPACKS HYDRATION PACKS

# THE CORE

Those who have never lived with a Kriega backpack might not know exactly why they became so popular. The unrivalled build quality is a big part of it, but the ability to carry heavy loads in all-day comfort is what really made people lifelong fans.

We introduced the **QUADLOC** harness 25 years ago, tweaking the original over the decades, and also developed the **QUADLOC-Lite** harness for smaller packs in the range. Both harness concepts cleverly redistribute the weight from the shoulders, where it would quickly form a pressure point, to the chest. A rider's torso is strongest part of the body and can easily take the weight of even our biggest backpack fully loaded.

Every Kriega backpack is designed specifically for motorcycle use, so they're extremely tough, while being shaped to easily take on and off over bulky, armoured clothing. They're also adjustable to fit just about any shape or size of rider.

That's why Kriega backpacks are loved and trusted all over the world.

## BACK PROTECTOR INSERT

NEW for 2025

### LEVEL 2 BACK PROTECTOR INSERT

#### LIGHTWEIGHT

The RHEON™ patented algorithm mimics how cells are packed in nature. 100 million years of evolutionary know-how in every single fibre helps materials to be lighter, naturally.

#### BREATHABLE

Cell packing allows air to flow naturally around the rider. Making RHEON™ Armour the most breathable protection in the world.

#### FLEXIBLE

Dynamic, reactive material gives impact protection exactly where it's needed, while maintaining total comfort and flexibility.

#### COMPATIBILITY

Compatible with all KRIEGA backpacks (excluding HYDRO-2 hydration pack)

#### DIMENSION

157 x 400 x 14mm  
6.2 x 15.4 x 0.5 inch

#### WEIGHT

310g / 10.9oz

## HYDRATION RESERVOIRS

### 3L HEAVY-DUTY RESERVOIR

HYPAKEHD3

### 2L HEAVY-DUTY RESERVOIR

HYPAKEHD2

NEW for 2025

Made of ultra-durable, abrasion-resistant TPU with RF-welded seams for superior strength and elasticity. Fully reversible for deep cleaning and drying. Compatible with all Kriega Backpacks.

**Hydrafusion Tube** Flexible drink tube insulates in hot weather and offers protection in tough conditions.

**Comet™ Bite Valve & Dust Cover** Lightweight valve self seals after each sip and can be opened and locked with one hand to prevent leaks when not in use. Included dust cover protects the silicone bite valve from collecting dirt.

**Plug-N-Play Connect System** Easily disconnect the drink tube. An auto shut-off valve prevents leakage, allowing removal of reservoir from your pack for convenient filling and cleaning.

**Tube Management** Hook & Loop harness mount included for Kriega Quadloc and Quadloc-Lite harnesses.

Made by  
**HydraPak®**

### HANDS-FREE KIT

Designed for racing conditions when it's necessary to keep both hands on the handlebars and concentrate on riding. This kit positions the soft-bite valve of the hydration tube permanently near the rider's mouth, giving fast and safe 'hands-free' hydration.

- White silicone tube with Kriega branding
- Soft bite valve
- Easy-fit – Velcro® tab tube management
- Quick-release dry-break connector

KAHFV

A scenic landscape featuring a large, rugged mountain range in the background. The mountains are covered in patches of green vegetation and rocky terrain. In the foreground, there is a calm lake with a rocky shoreline. The sky is overcast with various shades of blue and grey clouds.

# TOOL ROLLS

CHRIS BIRCH

ROLAND SANDS DESIGN X **Kriega**®

## ROAM TOOL ROLL

MAIN BODY

#### MOUNTING

- Mounting and removing an OS-PLATFORM takes less than a minute with two quick-release straps and buckles
- The same straps compress the pack firmly in position. No extra tie-down straps are required

#### STORAGE

- 100% waterproof roll-top main body. No rain cover required
- Roll-top closure for total weather protection
- 16 hook on points for additional packs

#### CONSTRUCTION

- 1000D CORDURA®
- Super-tough Hypalon construction
- Heavy-duty cam buckle fasteners
- Removable internal white liner (taped-seam)
- Aircraft-grade black alloy hooks
- Reinforced carry handle
- Hi-vis details

#### COMPATIBLE ACCESSORIES

- OS-SHOULDER STRAP to carry off the bike (p100)
- OS-STRAPS to mount using traditional 'over-the-seat' saddlebag format (p100)
- Security cable (p101)

BMW R1250 GS / OS-BASE BMW GS + 2 x OS-18 ADV PACKS

NEW for 2025

## RACKLESS SYSTEM

The **OS-BASE** is an over-the-seat harness for mounting **OS-ADVENTURE PACKS** as saddlebags. This system provides a super-tough, lightweight, easy-fit solution from 6L up to 54L capacity, without the need for pannier racks.

ROYAL ENFIELD HIMALAYAN 450 / OS-BASE HIMALAYAN + 2 x OS-12 ADVENTURE PACKS

NEW for 2025

# ADVENTURE BIKE LUGGAGE OS-BASE

OS-BASE ONLY

OS-COMBO-12

OS-COMBO-24

OS-COMBO-36

- There are 2 x **UNIVERSAL-FIT** and 11 x **MODEL SPECIFIC** designs available.
- Mounting takes less than a minute and just seconds to dismount.
- Add a pair of OS-ADVENTURE PACKS for a 12L, 24L or 36L saddlebag set-up.
- Mix and match the sizes and fit two or three packs to this OS-BASE, depending on the carrying capacity you require. Use the fitting hardware included to mount a single OS-ADVENTURE PACK on the seat, without the OS-BASE, for the shortest trips.

**dp** DRYPACK  
MAIN BODY

#### MOUNTING

- Mount a pair of packs to an OS-BASE
- Use the 4 hooks and integrated loops to mount directly to rear racks, pannier racks and some crash bars
- Use individually or hook to another OS-ADVENTURE PACK
- Hook to the top or side of an OS-SOFT PANNIER

#### STORAGE

- 100% waterproof main compartment
- Roll-top closure

#### CONSTRUCTION

- 1000D CORDURA®
- Abrasion-resistant Hypalon
- Removable internal, taped seam, white liner
- Aircraft-grade alloy hooks
- Shoulder strap mounts
- Hi-vis details

#### COMPATIBLE ACCESSORIES

- SUBFRAME LOOPS (p103)
- OS-SHOULDER STRAP to carry off the bike (p100)

## OS-SHOULDER STRAP

Convert your OS-PANNIERS into a shoulder bag for easy carrying off the bike

- Length adjustable
- Ultra-tough Hypalon shoulder pad
- Aircraft-grade alloy buckles

KAOSS

## OS-STRAPS

Mount a pair of OS-PANNIERS as traditional over-the-seat saddlebags

- Length adjustable
- Aircraft-grade alloy buckles

KOSS

## OS-CAM STRAPS

Hook onto OS-RACK LOOPS or OS-SOFT PANNIERS for attaching roll-top bags, tents, or a spare jacket. The 'hook-back' feature also allows you to mount one end around a bike frame or grab rail.

- 2 x 1.3m (50-inch) long, high-duty 25mm webbing
- Moulded Acetal buckle
- Ultra-aggressive spikes on cam grip even when wet
- Aircraft-grade alloy hooks

Sold as a pair

KAOSCS

## OS-MINI CAM STRAPS

Attach a roll mat, tent, tripod etc. to a US-40 RACKPACK or an OS-SOFT PANNIER

- 46cm / 18inch max length 25mm webbing.
- Acetal cam buckles.
- Ultra-aggressive spikes on cam
- Aircraft-grade alloy hooks

KAOSMC

# ADVENTURE BIKE LUGGAGE OS-ACCESSORIES

## OS-BOTTLE

A versatile, heavy-duty bottle holder

- Carry 2 x 1L water / fuel bottles
- Hook to an OS-PANNIER, OS-BASE, OS-ADVENTURE PACK or US-40
- Mount on an OS-PLATFORM
- Mount on a tank with the Kriega TANK CONVERTER
- Ultra-tough Hypalon construction
- Max bottle size 80mm dia x 280mm long (3 x 11-inch)

## KOSBOT

## STEELCORE SECURITY STRAP 1.5M

Steelcore straps have a braided 7/19 galvanized steel cable at the center covered in a cut-resistant, heavyweight webbing. Harder to cut through than steel cable alone.

Secure OS-SOFT PANNIERS to the bike to help prevent theft or access to the bags.

BLACK - KSCSS-BK

ORANGE - KSCSS-OR

## OS-HEEL PLATES

Provides a strong and lightweight mounting location for OS-BASE lower straps on a KTM 690 / HUSQVARNA 701 / GASGAS 700

- Ultra-durable CNC machined Nylon 6
- High impact resistance
- Uses standard fitting hardware

KOSHPL

## OS-DIRTBike RINGS

Provides a secure mounting location for front luggage straps where there are no obvious attachment points

- 25mm Velcro® ONE-WRAP® reusable ties
- Lightweight 6061-T6 alloy rings
- Universal-fit for other soft luggage systems

KOSDBR

## OS-FOOTREST ELIMINATORS

Gives the option to remove the rear pillion footrests and still have a front mounting location for an OS-BASE on the following bikes:

YAMAHA T700 Standard or Rally Seat  
KTM 790/890  
HUSQVARNA NORDEN 901  
APRILIA TUAREG 660

T700 STANDARD SEAT - KOSFEYS

T700 RALLY SEAT - KOSFEYR

KTM 790/890/NORDEN 901 - KOSFEKH

APRILIA TUAREG 660 - KOSFEAT

# ADVENTURE BIKE LUGGAGE OS-ACCESSORIES

## OS-RACK LOOPS

The ultra-lightweight alternative to a rear luggage rack.  
Aircraft-grade alloy and laser-cut Hypalon construction. Unique  
low-profile fasteners fit any style bodywork, even rear fuel tank bikes.

- Hook-on US-DRYPACKS / OS-ADVENTURE PACKS or ROLLPACKS
- Perfect for mounting roll-top bags and tents
- Ultra-secure whatever the terrain
- Lightweight T6 alloy - only 25g (0.8oz) per loop
- Easy-fit, just drill 4 x 6mm holes

**KOSRL**

## OS-RACK LOOPS-KTM

KTM OEM rear rack\* version of standard OS-RACK LOOPS to allow  
easy hook-on of US-DRYPACKS or OS-ADVENTURE PACKS or  
ROLLPACKS (\*1090, 1190 & 1290 Top Case Carrier)

**KOSRLK**

## SUBFRAME LOOPS

Provides a strong hook-on location to mount OS-ADVENTURE PACKS /  
US-DRYPACKS / ROLLPACKS to most types of bike.  
Simply thread around the bike subframe and back through the buckle.  
4 x 500mm (20-inch) lengths of webbing with loop and buckle at one end.

**KASLB4**

## CAM STRAPS

2 x heavy-duty nylon Cam Straps ideal for attaching roll-top bags, tents etc.  
Moulded Acetal buckles with ultra-agressive grip-spikes on cam for non-slip  
web, even with heavy loads and wet straps.

1.5M (5ft) long, high-duty 25mm webbing

**KACS150**

OS-PLATFORM + OS-12 ADVENTURE PACK + 2 x 4.5L FUEL CONTAINERS MOUNTED ON STANDARD MOUNT + MOUNT EXTENSION

# ADVENTURE BIKE LUGGAGE OS-ACCESSORIES

## FUEL CONTAINERS

### OVERLAND FUEL

4.5-litre / 1.19 US gallon petrol / fuel containers  
1145g / 40oz

BLACK - OF-B-4.5L

## WATER CONTAINERS

### OVERLAND FUEL

4.5L / 1.19 US gallon water containers  
1145g / 40oz

BLUE OFW-B-4.5L

## SCREW CAPS

### OVERLAND FUEL

CNC aluminium screw caps

BLACK OFP-02176-B  
RED OFP-02176-R  
SILVER OFP-02176-N

## LOCKABLE MOUNT

Add extra security for your fuel container with a tubular key barrel lock. Mounts to the pre-drilled OS-PLATFORMS with 4 x M6 bolts supplied with the kit.

735g / 26oz  
OFM-L-B

## STANDARD MOUNT

Mounts to the pre-drilled OS-PLATFORMS with 4 x M6 bolts supplied with the kit

695g / 25oz  
OFM-DH-B

## MOUNT EXTENSION

Add to a mount, to stack 2 x 4.5L fuel or water containers together.  
Secures each pack individually.

400g / 14oz  
OFM-EXT

A photograph of a motorcycle rider from behind, riding away on a dirt path through a forest. The rider is wearing a blue and white helmet and a matching jacket. The motorcycle has a license plate that reads "PB 65 AX 6431". The background is filled with tall trees, and the ground is covered with fallen leaves. A large, white, rectangular text box is positioned in the upper right quadrant of the image, containing the text "MOTORCYCLE ACCESSORIES" in a bold, sans-serif font.
